Reptile Product Catalogue

Water Dishes

Our Water Dishes are made from food grade resin and have a very natural and realistic rock finish and texture. The inside has a smooth non-pitted surface and is coated to prevent the development of harmful bacteria and makes it easy to clean. The brown earthy tone of our water dishes allows for easy integration in desert, tropical or any other themed terrarium.

- Natural look integrates in any type of terrarium
- Easy to clean
- Non-porous and smooth surface will not absorb harmful bacteria
- Made from food-grade resin
- Very stable, not easily tipped over by larger reptiles
- Matt finish
